

Technical Data Sheet

Melamin

Melamine resin laminate board for engraving

Typical Properties

- Laminate board based on melamine resin for demanding industrial engraving applications
- Age-resistant, therefore also suitable for permanent outdoor use
- Laser- and CNC-machinable

Typical Industries

- Name, designation and information signs
- Industrial labeling
- Machinery and plant engineering
- Outdoor signage

	Test Method	Unit	Value
Construction and Processing			
Material construction / Processing			Melamine resin laminate board; laser engraving, CNC routing
Weather resistance			age-resistant, suitable for permanent outdoor use
Format & Thickness			
Format			1220 x 605 mm, 610 x 605 mm
Thickness			1.0 mm, 1.4 mm, 2.0 mm, 3.0 mm

This information is provided as general guidance for material selection. Listed are the common standard formats and thicknesses; deviating dimensions and further shades are available on request. Provided without guarantee; it does not constitute a legally binding assurance of specific properties and does not replace application-specific testing by the user.
