

Declaration of Conformity

Product: PC antistatic (ESD) – electrostatically dissipative polycarbonate solid sheet

We hereby declare that the product named above conforms to the requirements listed below.

Conformity

Fire behaviour: Classified to EN 13501-1 as building material class B-s1,d0 (thickness 1-6 mm).

CE marking: The product meets the applicable requirements of the relevant EU regulations for placing plastic semi-finished products on the market.

RoHS: The product complies with the requirements of the RoHS Directive (2011/65/EU) restricting the use of certain hazardous substances in electrical and electronic equipment.

Note: The antistatic coating applied to both sides of this product has not been verified as food-safe and is not declared for direct food contact. For applications involving food contact, it must be separately assessed whether suitable, migration-tested materials should be used instead. No FDA conformity statement is made for this product.

This declaration refers to the material named above in its unprinted, untreated condition as per our product specification. It does not relieve the user of the obligation to verify the material's suitability for the intended application.

Changes resulting from further processing, colouring, coating or combination with other materials are outside the scope of this declaration and must be assessed separately by the user.
